Ephemeral Art

There are so many ideas out there. Be creative and make art, make music, read a lot, go outside to play, keep busy and be happy!

Make a House of Cards

What is Ephemeral Art?

A work of art that only occurs once, like a happening, and cannot be kept or shown in museum or gallery.

Build a Snowman

Decorate a Cake

Draw on a Foggy Mirror

Gather magazines
and cut out facial features.
Then start arranging them
to make funny,
happy, scared, mad,
any fun faces.
Give your characters
hand drawn bodies
and of course names.

Symmetrical
Create a design on your table
with silverware and dishes.
WITH SILVERWARE AND DISHES
CREATE A DESIGN ON YOUR TABLE
SYMMETRICAL

Color Wheel
with nature or toys
or use both-combine!
Think of texture and design
while creating a color wheel.
Or how about a rainbow?

Create a radial design.
This starts in the center
and builds out symmetrically.
Make it bold and color your
radial design.

Still Life
There's so much to draw
just inside your home.
Draw with pencil or pen.
Then choose to color or paint
your finished drawing.

Go outside,
bring your drawing paper or journal
and draw a landscape.
Pick different times of the day
and enjoy the differences
in shadows and colors.

Music
Listen to music of your choice and draw.
Does the music help create
the mood of your
drawing?

Nature Portraits
Gather leaves, flowers,
rock, sticks then create
a portrait, self portrait
portrait of family or pets.
Enjoy!

Have you read a book that
inspires you to draw?
Start a collection of your
own drawings with that
inspiration.

Sculpture
- use toilet paper rolls,
glue, tie, tape them together to
create a sculpture. If you'd like
add more objects
to complete your sculpture.

Here's a fun one . . .
close your eyes
and draw a picture.
Don't peek!
You'll be surprised how
fun it will look
and bit abstract.
Usually lots of character that
makes you smile/laugh.
Enjoy!
